

CALL REQUIREMENTS

Call Title: Q-CAYLE-UBU. Quantum reference frames, quantum groups, quantum information, entanglement and decoherence: applications in quantum communications.

Contact person: Angel Ballesteros

Department: Physics

Category: Researcher

Others

Workday: Full time

Part time

Aim: To perform research activities within the Project, specifically those ones related with quantum information theory, including its relativistic formulations, the theory of detectors and their applications in quantum communications.

Requirements of the candidate: PhD degree in Physics or Mathematics.

Duration: indeterminate

Gross monthly remuneration: 2500 €

Application submission deadline: June 15, 2023

Documents to be provided:

Copy of the Identity document/passport, Curriculum Vitae and certification of the PhD degree, as well as all the documents supporting all the merits included in the CV.
