

CALL REQUIREMENTS

Call Title: "Synthesis of functionalized heterocycles employing strategies based on organometallic compounds."

Contact person: Samuel Suárez Pantiga (svsuarez@ubu.es)

Department: Chemistry

Category: Researcher

Others

Workday: Full time

Part time

Aim: Work in our Organic Synthesis lab in a Research Project at the Universidad de Burgos (Spain)

The main target of the project is to develop efficient strategies to synthesize valuable and relevant functionalized heterocycles (like pyrrolidines, piperidines ...) in a straightforward manner starting from readily available starting materials and employing organometallic reagents synthesize

Requirements of the candidate: Master in Chemistry

Duration: 9 months

Gross monthly remuneration: 850 €

Application submission deadline: September 14, 2023

Documents to be provided: (i) Copy of passport (for non-Spanish citizens) or NIF (Spanish citizens); (ii) CV with all the merits clearly established; (iii) Copies of Chemistry Degree and Master in Chemistry certificates or titles (having obtained it out of Spain, it must be accompanied by a statement about the veracity of the document provided); (iv) Certificate for any scientific merit such as scientific publications, participation in research projects etc.
