

CALL REQUIREMENTS

Call Title: **Synthesis of metal-based photosensitizers for the treatment of cancer.**

Contact person: **Gustavo Adolfo Espino Ordóñez.**

Department: Chemistry (Departamento de Química, Área de Química Inorgánica)

Category: Researcher

Others

Workday: Full time

Part time

Aim: To synthesize and characterize new Ir(III) and Ru(II) complexes with potential activity as photosensitizers to be used in photodynamic therapy.

Requirements of the candidate: **The candidate should have completed his/her chemistry degree and should have completed his/her Master in Chemistry degree.**

Duration: **5 months.**

Gross monthly remuneration: **1500 €.**

Application submission deadline: **26/09/2023.**

Documents to be provided:

- **Curriculum Vitae.**
- **Academic Degree (Master Degree).**
- **Academic Record.**
