

**CALL REQUIREMENTS**

Call Title: Converting Facilities Network for accelerating uptake of climate neutral materials in innovative products

Contact person: Edgar Ventosa

Department: Chemistry

Category: ☒ Researcher

☐ Others

Workday: ☒ Full time

☐ Part time

Aim: Continuous revision of the state of art, design, conducting and analysis of organic synthesis of redox molecules and electrochemical experiments related to the use of direct recycling in electrochemical flow systems, dissemination of results through participation in international conferences and publications in leading journals, and intellectual property protection of the work performed

Requirements of the candidate: 1) PhD Degree in Chemistry or similar, 2) Fundamental knowledge in organic synthesis and characterization, 3) Fundamental knowledge in electrochemistry, 4) Excellent track-record in terms of publications, 5) International network of collaborators

Duration:

Gross monthly remuneration: 2775 Euros

Application submission deadline: May 11, 2023

Documents to be provided: Passport, PhD Degree Certificate, Curriculum Vitae.
