

Los jóvenes en situación de desempleo y que no estudian en España: tendencias, desafíos y análisis de programas e iniciativas.

IN THE FRAMEWORK OF THE PROJECT 'LOST
MILLENNIALS – TRANSNATIONAL RESEARCH
NETWORK FOR THE EVALUATION OF INITIATIVES
TARGETING 25+ NEETS'

Project summary:

The project 'Lost Millennials' focuses on a regularly neglected group of the generation of Millennials: young people aged 25-29 neither in employment or education and training (25+ NEETs). This generation started their working life shortly after the economic crisis of 2008, perceiving uncertainty and lack of security for work and well-being, they are more likely to be inactive or in precarious jobs. The main objective of the project is to contribute to the successful integration of 25+ NEETs to the labour market through increasing knowledge on the effects of employment initiatives on 25+ NEETs, building capacity of stakeholders to perform impact studies and thus improving the quality of labour market interventions. This objective will be achieved through the creation of the transnational research network which will share know-how and good practices, the evaluations of governmental and community-based initiatives targeting 25+ NEETs, as well as the engagement of stakeholders to increase the policy-relevance of project results.
