Our courses taught in English

Most courses are taught in Spanish, but Universidad de Burgos offers a wide range of courses taught in English within different fields of study. Also, most of our degrees accept students for internships/research periods. Besides these courses, UBU has a wider offer in “English friendly” modality, in which modules are taught in Spanish language, but students will be supported with learning materials and tutorials in English by the teaching staff. Exams can also be done in English. Visit our website to see all courses.

Nomination, Admission and Enrolment

Admission requirements

Your home university has to approve your chosen course(s). Please note that some of the courses may have specific requirements. It is not compulsory to provide a certificate of competence in the English language but it is really important that your English speaking and writing skills are sufficiently good to allow you to follow your chosen course(s).

Application procedure

If you wish to apply to Burgos University as an exchange student, you should contact the international office at your home university. Once you have been nominated and selected by your university, you need to fill in our application form online.
