### COVID-19

During the current academic year 2020/2021, lessons are being taught in person at UBU combining with on-line teaching when physical conditions of classrooms do not allow security distance between students. We intend to continue working under the same scheme during the academic year 2021/2022 as long as the sanitary circumstances allow it.

Consequently, we would like to share with our partners our desire to continue with our collaboration as for student mobility. Our aim is to enhance a safe mobility and receive international students for next academic year, so we are willing to process nominations and get in contact with selected students with the necessary information for their registration in our platform. Of course, final mobility will be conditioned to what the sanitary authorities determine.

**IMPORTANT:** Please, check the process of sanitary control to travel to Spain: [Spain Travel Health](#)
