

UX/UI Internship (Portfolio required)

Duration: 3 months

Commitment: Full-time

Description:

Crafton is a dynamic web design agency offering an exciting internship opportunity within the Erasmus+ program. We invite individuals eager for personal and professional growth in an international setting to join us. At Crafton, we aren't just creators; we are storytellers, shaping brand narratives and assisting our clients in becoming integral parts of these stories.

We are seeking ambitious students who are enthusiastic about research and learning. We value interns interested in gaining departmental experience and those willing to develop their communication skills to become better individuals.

The internship period is flexible and can be extended, with the option for remote or on-site hybrid work.

Possible Tasks (individual or team-based):

- Conducting web analysis and audits, including tasks like evaluating information architecture, analyzing Google Analytics data, benchmarking against industry standards, applying Krug's usability test, and assessing compliance with Nielsen Heuristics.
- Crafting wireframes to outline website or app layouts and functionalities.
- Developing interactive prototypes for user testing and feedback.
- Designing graphics for social media platforms.
- Creating UX reports.

What We're Looking For:

- Proactive and self-motivated individuals.
- Excellent communication skills.
- Passion for learning and research.
- Prior knowledge of UX/UI required for this internship.
- B2 English Level.

What We Offer:

- An opportunity to gain practical experience within international business markets.
- Hands-on application of UX/UI skills in real projects.
- The potential for personal and professional development, including the possibility of promotion.
- A welcoming and friendly work environment.
- A youthful atmosphere that encourages the expression of thoughts and the generation of innovative ideas for company implementation.
- Freedom in your work approach.
- Flexible work arrangements.
- A letter of recommendation from the company's CEO.

The position is unpaid, however, an Erasmus+ grant is possible.

Send your CV and Portfolio to constanza@crafton.eu

Applications without a portfolio will not be considered. Prior experience is an asset.
